# Connect your Z88 to the outside world

*Actual size*

The Z88 modem will open a whole new world to your Z88 computer. You will be able to link up with other users all round the world, to send and receive electronic mail and telex messages, and to access some of the most sophisticated databases and information services.

This powerful modem, like your Z88, is truly portable and is small enough to fit into your pocket. It comes complete with easy-to-use software on ROM cartridge and all necessary connecting leads. In fact, the package contains everything you need to get on-line.

In addition, you will be given a unique invitation to join MicroLink, Britain's fastest-growing electronic mail service, with FREE registration and telex validation (normally costing £15) and one month's FREE\* connect-time to your MicroLink/Telecom Gold mailbox.

*\* This exclusive offer relates to connect time only and does not include telephone charges, any possible PSS charges or surcharged services.*

# What MicroLink can do for you

**MicroLink** offers ALL the facilities of Telecom Gold – and a whole lot more besides. You can link up with other users all over the world to send and receive electronic mail. It turns your Z88 into a telex machine – without the need for expensive equipment or a special phone line. It lets you send telemessages for next-morning delivery to ANY home or business in the UK or USA.

With **MicroLink** you can obtain legal and financial advice, order flowers or book theatre and rail tickets. You can receive free telesoftware programs over the phone to feed into your Z88. You can use it to turn text into typesetting or Braille. You can link in seconds to a database in New York, or key into the 400,000-word Great European Dictionary in Luxembourg. And it gives you direct access to up-to-the-minute financial information on every company in Britain.

**Telex** – Link up with 96,000 telex subscribers in the UK and 1.5 million worldwide. You can even send and receive telexes after office hours and while travelling.

**Advice** – Call on a team of professional legal and financial advisors as and when you need them, for free advice on business and personal problems.

**Electronic mail** – The cheapest and fastest form of communication possible. It costs the same to send a message to one mailbox as it does to send to 500!

**Radiopaging** – If you also have a radiopager you'll be alerted each time an urgent message arrives in your mailbox. So you're always in touch.

**Telemessages** – Type in your message before 8pm and delivery is guaranteed by first post the next day (except Sunday) anywhere in the UK and USA.

**News** – Use the powerful search commands to pinpoint vital business information from the world's leading news services, newspapers and periodicals.

**Company searches** – Obtain facts about any British limited company in seconds, and fully analysed financial information on over 100,000 companies.

**Gateways** – Get through to New York in just five seconds – or key into the EEC computer in Luxembourg, to link to 600 databases throughout Europe.
